

What You Need to Know

2024 Bond Measure

Governing Board members of the Clovis Unified School District have voted to place a **\$400 million facility bond on the November 2024 ballot** for voters to decide whether to fund school facility needs in Clovis Unified.

What is the question before voters?

“Are residents willing to continue the existing tax rate to provide money to maintain and build schools, and improve school safety in Clovis Unified?”

Fact: The November 2024 bond measure would **not raise the existing tax rate**. It would simply extend the current rate paid by residents since 2012.

- The tax rate is \$155 per \$100,000 of assessed value.
- Our rate is the same today as it has been since 2012. That’s lower than any other time in the history of the District, and lower than Fresno, Central and Sanger Unified school districts.

What happens if the bond measure passes?

If passed, this bond measure would provide otherwise unavailable funds to:

- Update and modernize old schools
- Complete the final phases of Clovis South High School
- Improve school safety and energy efficiency features on ALL campuses in Clovis Unified

Fact: Without this bond measure, the ability to **build new schools** to keep pace with a growing community, maintain existing schools, and modernize older schools (some of which date to the 1940s), **would slow to an almost stop**.

Curious how old your own neighborhood school is or for more information about the impact of facility bonds in your area?

Did you know...?

There's a
BOND MEASURE
on the ballot
Nov. 5, 2024

The measure would benefit every school (ours too!) and:

- Safety upgrades
- Energy efficiency improvements
- Make needed repairs and updates to classrooms
- Build new schools

Local bonds make us eligible for State dollars

$\$1.086B + \$760M = \$1.846B$

Local School Construction

Only when school districts have local bond funds can they be eligible for matching dollars from the State. Since 1986, we've been able to invest an additional \$760 million in our local schools because we qualified for State matching funds.

Be Sure to Vote Nov. 5, 2024
